Keep out of reach from children and pets at all times

Nicotine in its pure form is a poison and can cause very serious harm to both man and the environment

All cartridges and liquids must be kept in a safe place locked away from children and pets at all times

The amount of nicotine in one cartridge if ingested by a small child could cause serious harm. In this case, medical assistance must be sought immediately without delay.

NOTE: Use special caution when working with Li-ion cells, they are very sensitive to charging characteristics and may explode or burn if mishandled. Make sure the user has enough knowledge of Li-Ion rechargeable batteries in charging, discharging and assembly before use. Always charge in/on a fire-proof surface. Never leave charging batteries unattended. We are not responsible for damage if there is any modification of the batteries/chargers in any form or shape (including pack making). We are not responsible for any damage caused by misuse or mishandling of Li-Ion batteries and chargers.
